

## 2025 Indoor Junior Golf Programs

### Indoor Junior Programs

This winter, we are adding a second indoor simulator, which will allow for indoor instruction all winter long. We will be offering a series of junior clinics starting in November and lasting through the end of March. Below is a description of our offering and where y

our child would fit.

**Developmental Junior Clinics** – Fundamentally based instruction that focuses on grip, stance, setup, and swing basics. Perfect for those new and seasoned golfers. Sessions will include 30 minutes of instruction learning basic concepts and 30 minutes of simulator time.

**Intermediate Junior Clinics** – These sessions are designed to move past the basic fundamentals. At this point, we will be working on swing plane, arm structure, club path, face to path, and angle of attack, while touching on the grip and setup. All of these are important to more consistent ball striking and understanding how to control your golf ball. Sessions will include 30-45 minute of instruction, and 45-60 minutes of simulator time to work on any changes.

**Cancellation Policy** - If you have signed up and need to cancel, for any reason, please cancel at least 24 hours in advance. In the event of inclement weather, we will cancel 4-6 hours in advance. Any cancellations within 24 hours will incur a cancellation fee equal to the session fee.

**Registration** – If you would like to register, please contact Tim directly at [timskik@gmail.com](mailto:timskik@gmail.com) or call/text at 508-446-0195. Once available, a registration link will be made available.

**Payment** - Payment is due the day of each session. You can pay Tim directly by Venmo, Credit card, cash, or check. Once available, advance payment through the registration link will be required.

## **Tuesday & Wednesday**
